PROJECTS

Personal Portfolio Website

- This Personal Portfolio Website is a modern, fully responsive web page built using HTML and CSS.
- It serves as a professional digital resume to showcase your skills, projects, resume, and contact information in a visually appealing way.

Real-Time Weather Forecasting Web App

- Developed a cutting-edge forecast model for tourist demand, leveraging social network data.
- Integrated HTML, JavaScript, and CSS to provide an interactive platform for analyzing and predicting tourist trends.
- Harnessed the power of social network insights to offer valuable insights for the travel industry and enhance decision-making processes.

Movie Ticket Booking Web App

- A dynamic and responsive web application for booking movie tickets online.
- Developed using HTML, CSS, and JavaScript, the platform allows users to browse movies, select theaters, choose seats, and make payments.

SKILLS

- **Programming Languages:** Python
- **Web Development:** HTML, CSS, JavaScript, Bootstrap, React.js
- **Database:** MySQL
- **Developer Tools:** Visual Studio Code, PyCharm
